Objective

Motivated and detail-oriented final-year Computer Science student at Bath Spa University in Dubai, UAE, with a strong foundation in software development and a keen interest in cloud technologies. A skilled web developer, UI/UX designer, and graphic designer with 2 years of experience in creating intuitive, user-friendly websites and designs. Proficient in front-end development, including React, Tailwind CSS, and GSAP, as well as graphic tools like Figma and Photoshop. Passionate about developing seamless digital experiences, continuously learning, and applying creative problem-solving techniques.

Education

Bachelor of Science in Computer Science Bath Spa University, Dubai, UAE

Expected Graduation: June 2025

Technical Skills

- **Programming Languages:** JavaScript, Python, C++,
 - **Database Management:** MySQL, MongoDB
 - **Version Control:** Git, GitHub
 - **Other Skills:** Performance Optimization, Code Quality Improvement, Debugging
 - **Soft Skills:** UI/UX Design, Video Editing, Microsoft Office, Excel
-

Professional Experience

Web developer Intern

Financify | Dubai, UAE

May 2024– Oct 2024

- Developed and maintained web applications using JavaScript, React, and Node.js, achieving 95% improvement in performance and user experience.
- Implemented RESTful APIs and optimized backend processes, reducing server response time by 90% through efficient query handling and data retrieval.
- Collaborated with cross-functional teams, ensuring timely project delivery by coordinating with product managers and designers to refine application features.
- Enhanced codebase by identifying bugs, applying best practices, and performing unit tests, contributing to a 90% increase in system reliability.

Frontend Developer Intern

Code Soft | Dubai, UAE

- Developed responsive web pages with HTML, CSS, and JavaScript
 - Built UI components in React to enhance interactivity and Optimized code for better performance
-

Projects

Task Management App

- A web or mobile app that allows users to organize and prioritize their tasks.
- Key features: task creation, deadlines, reminders, and collaborative task sharing.
- Technologies: React, Node.js, Express, MongoDB.

3D Model Showcase Website

- Created a 3D model viewer using React Three Fiber and GSAP to provide an interactive and immersive user experience.
- Enabled model manipulation with scroll-based controls and smooth transitions, which enhanced user engagement and accessibility.

Sandbox Creatives Website

- Designed and developed a modern website using React, Tailwind CSS, and GSAP, showcasing a range of creative services for a digital agency.
-

Certifications

- Advanced JavaScript and React | [Link](#)
 - Web Development Fundamentals | [Link](#)
 - Cloud Computing Fundamentals | [Link](#)
-

Achievements and Extracurricular Activities

- Organized hackathons and coding workshops at Bath Spa University, fostering collaboration among students.
 - Received “Best Solution” award in a university-wide coding competition for creating a scalable payment gateway system.
 - Active contributor to open-source projects, focusing on backend system optimizations.
-
